

AFTER DARK COMMAND

29 Apr 2026
AFTER DARK COMMAND
SINGAPORE DISCOVERY CENTRE

To: All Recruits (Attending Personnel)

Dear Sir/Madam,

ENLISTMENT NOTICE: AFTER DARK CHAPTERS

You are hereby invited to report for duty at After Dark Chapters at 1800 HRS, a curated night experience designed to test your resolve, awareness, and adaptability under unfamiliar conditions.

This special activation reimagines elements of the National Service journey through a series of controlled, immersive environments. Participants will undergo a structured sequence of activities designed to simulate tension, uncertainty, and decision-making.

PROGRAMME BRIEF

All recruits can expect to be deployed across the following:

- Tales from Bootcamp: A guided walkthrough featuring accounts and scenarios inspired by training experiences—where not all stories are as straightforward as they seem.
- Survive the Night (Premium Deployment Only): A timed, scenario-based mission requiring teamwork, awareness, and composure under pressure.
- Black Lake Missions: Navigate a constrained environment where visibility is limited and every movement counts or be engaged in a dynamic challenge zone requiring agility, coordination, and quick decision-making.

IMPORTANT INSTRUCTIONS

- Recruits are to report in appropriate attire and footwear suitable for movement-based activities.
- Strict adherence to all on-ground instructions from facilitators is required at all times.
- Participants may encounter low-light environments, confined spaces, and sudden stimuli.
- This programme is designed for experiential purposes. While all activities are controlled, situational awareness is expected.

OBJECTIVE

This experience aims to provide participants with a heightened appreciation of discipline, teamwork, and resilience, core attributes essential in high-pressure environments. You are encouraged to embrace the experience fully and carry out all assigned tasks to the best of your ability. Further instructions will be issued upon reporting.

UNTOLD BOOTCAMP STORIES

// 01 ABOUT THE EVENT

Step into the dark. **The After Dark Chapters** is Singapore Discovery Centre's inaugural annual night experience — an army-themed immersive event that pulls you into the untold stories of the Bootcamp training ground.

Running from **1800 to 2359 HRS** across four nights, expect Bootcamp drama performances, night shooting, NS-inspired physical challenges, outdoor storytelling, and a night market atmosphere unlike anything else in Singapore.

This is not a museum visit. This is a mission.
